

380QLCP CAP-PAC® with SPOUT APPLICATOR

NiMCO 380QLCP CAP-PAC® is a single lane form, fill and seal machine for gable-top cartons. Unique to this model is in line integration of the patented rotary spout applicator ultrasonically welding the plastic fitment from the inside out.

The **new** CAP-PAC® Spout Applicator automatically feeds, applies and ultrasonically welds plastic spouts to gable-top containers. Fitments can be applied to standard liquid package cross-sections, from 8 oz (250ml) to one gallon (5 liter) in Tetra Rex®, Pure Pak® style constructions, custom package formats and rectangular shapes.

Machine Operation

The NiMCO 380QLCP CAP-PAC® is designed for the inline forming, filling and sealing of 8-32 oz (250 ml -1 Liter) gable-top cartons. Utilizing state-of-the-art technology, this machine provides accurate product fills and dependable carton seals, with speeds up to 2400 CPH. Application of spouts from the inside of the container is available with the NiMCO Spout Applicator System. Other machine models are available for 1.5, 2, 4 and 5 liter carton volumes.

Machine Features

- Mechanical Drive System
- Heavy Duty Stainless Steel Frame
- Indexing Electric Heaters
- Variable Frequency Drive
- PLC Control System
- Touch Screen Controls
- Inside-Out® Rotary Spout Applicator
- NiMCO CAP-PAC® Spout Applicator®
- Low Maintenance Requirements
- Simple Size Changeover
- Compact Machine Dimensions

Container Volume	Machine Model	Production Speed
8, 16 oz (250, 500ml)	380QLCP	40 CPM / 2400 CPH
32 oz. (1 Liter)	380QLCP	35 CPM / 2100 CPH

Production speeds are subject to product, carton and spout variations

Utilities: (220, 415, 440V available)

Electrical: 380V 3pH 50Hz
 Consumption: 27 KVA
 Air: 85 psi / 5.8 bar
 Consumption: 4.0 scfm / 113 lpm
 Water: 50F / 10C Max
 Consumption: 2.0 gpm / 7.6 lpm

Machine Weight:

Machine (Net): 4600 lbs (2080 kg)
 Shipping Weight: 5400 lbs (2440 kg)

Accessories:

- Spare Parts Kits
- Date Coders
- Level Controls / Alarms
- Automatic Greasing System
- HEPA Air Filter Unit
- Machine Sterilization
- ESL Features
- Auto Clean System
- Optional Filling Systems
